Introducing APBVIP

When it comes to virtual event platforms, the choices can be overwhelming. That’s why we built APBVIP (Virtual In Person), a platform customized to the needs of our clients that works for a range of event types.

**WITH APBVIP YOU CAN:**

» Create an engaging virtual program with speakers, workshops, panels, entertainment and more
» Provide multiple opportunities for interactive live video networking
» Save on the costs of hosting a live, in-person event
» Attract crowd-drawing speakers, including A-List celebrities, industry experts and sports legends

**LET’S GET STARTED!**

The following pages feature some of our leading diversity, inclusion and intersectionality speakers.

We are here to help you find the right voice to educate, entertain and inspire the entire campus community at your next event. Give us a call to start planning: 617.614.1600

What Clients are Saying about APBVIP

“We liked the virtual event platform for its simplicity and being an intuitive, clear tool. We are amazed by the support from your end. We are really happy with the level of customer service and care you provided.”

- CONFERENCE COORDINATOR, ERLANG SOLUTIONS LTD.

“Honestly, this online event platform is closest to what I had visualized for our virtual real estate events. The technology is another level compared to many other platforms. The developers are constantly striving to make it better on a day to day basis, which is amazing. They have a tremendous work ethic and I really appreciate your efforts.”

- CO-FOUNDER, THRIVEMIND MEDIA

“I’m really blown away at the customer service. We joke and say that this platform is the Lamborghini of software. Just sleek, simplistic lines, very fast, and very reliable. And that’s what we were looking for in a solution and that’s what we found with this platform. So grateful. And thank you for the continual updates that blow me away. I love the networking lounge. I’m excited about some of the changes there. We’re big fans!”

- FOUNDER, CITY REIA

“In March this year we had an in-person event that we had to convert into a digital property within 36 hours. In so doing, we looked around the world to see where we could find a suitable platform to run virtual events during this COVID lockdown. We stumbled across this platform. We’ve utilized this platform for a number of webinars and we will continue to use this platform throughout the course of this year to run virtual events. We’ve been ecstatic with the level of service ethic of the persons behind it: their ability to get things done, their timing getting back to us. We’re a great fan. We’re on board and we certainly look forward to working with you in the future.”
