Featured Speakers:
Daniel E. Dawes, J.D.
Steve Pemberton

Viewing health equity from national policy to profound personal impact, these speakers take on a complicated issue with depth and insight. Attorney and health policy expert **DANIEL E. DAWES**, a recognized leader in the health equity movement, addresses the policy issues impacting our most vulnerable and underserved populations. Best-selling author and corporate HR leader **STEVE PEMBERTON** shares his moving story of how a flawed health care system played a tremendous role in shaping his life and how everyone should be given a fighting chance to be healthy and happy.

Featured Speakers:
Lygeia Ricciardi
Regina Holliday

From wearable technologies to a Walking Art Gallery, these speakers show that patient engagement comes from creating connections. Digital health expert **LYGEIA RICCIARDI** energizes audiences with her passion and vision for using digital health and cutting edge tools and technology to empower people to live healthier, happier lives. Art, medicine, social media and pop-culture collide to create a patient voice in health information technology when **REGINA HOLLIDAY** shares her breathtakingly impactful artwork and emotional personal story for improving the patient experience.
